

sensation **ALL**

2019-2025

RSM Aberdeen's continuous support has been a lifeline for SensationALL since 2019!

This **5-year** relationship has meant hundreds of people of **ALL** ages with additional support needs and neurodivergent conditions have had a safe place to be themselves where they can **play, socialise** and **thrive** at **ALL** stages of life.

Corporate support really does mean the difference between hope and hardship for charities. RSM's contribution has not only been vital in enabling the charity to help people in need but by also offering their professional skills they have helped SensationALL achieve its goals.

more than
£25,600
raised over
5 years

Fundraising

RSM's staff have undertaken many fundraising activities including team physical challenges, competitions and not to forget their annual Seven Wonders of Aberdeen walking tour. The Banchory Beast team in 2022 raised over £4,700 alone!

Plus, the company's generous match funding scheme boosted fundraising totals and resulted in the charity being able to support more families from across the northeast of Scotland.

Volunteering

On a regular basis RSM's employees have volunteered at the charity's main activity centre in Westhill. From sweeping leaves, to wrapping Christmas presents, to deep cleaning the soft play room and assisting with the installation of new equipment, they have made a huge difference and taken weight and financial pressure off the Charity.

We are truly indebted to RSM - their incredible support has allowed us to improve our soft play facilities while continuing our vital services.
